**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

our government brags about the benefits of the capitalist system because it furthers competition. a requirement that corporations that own wiring to communities like ours have to allow other companies to rent use of this wiring. if this requirement is removed we will have only one choice for internet connection.

that is a monopoly.

do not do this.
